

Diversity & Inclusion Taskforce Member Form

“The Diversity and Inclusion Taskforce was formed in July 2020 in response to the worldwide protests for justice and human dignity for all. Our mission is to increase awareness, diversity, and inclusion within ICCS.

The International Clinical Cytometry Society (ICCS) believes that diversity is integral to the health, excellence, and success of any organization or community. Diversity stems from the variety of experiences, values, and worldviews that arise from different cultures and circumstances. These differences may include race, ethnicity, gender, age, religion, language, abilities/disabilities, sexual orientation, gender identity and expression, socioeconomic status, geographic region, and more. Diversity broadens and deepens our experience in all areas of learning and work.”

Name _____

Institution: _____

Current Position: _____

- MD
- PhD
- Technologist
- Research scientist
- Flow qualification /certification

Year of experience in Flow Cytometry: _____

Type of flow cytometric experience: _____

Other relevant experience: _____

Recommended by one ICCS members _____

I am interested in contributing:

- as a mentor
- writing assignments
- webinars
- Other _____
