

Medical Laboratory Scientist Committee - Member Form

This ICCS Committee has been created to provide a roadmap to all Medical Laboratory Scientists (MLS) for their career as a flow cytometry technologist, providing educational resources, practical guidance in flow cytometry applications and mentoring in their career path as a recognized flow cytometry professional

Expectations: Requirements for joining the MLS committee would include attending monthly meetings with active participation in the goals for the MLS committee. Applicants must be an ICCS member, experience in serving in one of the ICCS committees is preferred.

Name _____

Institution: _____

Current Position: _____

Circle all that apply:

- MD
- PhD
- Clinical - Medical laboratory scientist (MLS, Medical Technologist or other)
- Research - Medical laboratory scientist (MLS, Medical Technologist or other)
- Flow cytometry certification (SCYM)

Year of experience in Flow Cytometry: _____

Type of flow cytometric experience/testing offered:

Platform/instrumentation currently used in your lab

Other relevant experience: _____

Recommended by two ICCS members

1. _____ at _____

2. _____ at _____

Please send to International Clinical Cytometry Society info@cytometry.org

Thank you!
